ABC Insurance Agents' Digital Workstyles and Personas Questionnaire

Dear Business Partners, Hello! This questionnaire aims to understand your daily work styles, tool usage habits, and the challenges and needs you encounter during your insurance sales journey. This will serve as a baseline for optimising digital tools for agents and improving our service quality. The questionnaire takes about 10–15 minutes to complete. All responses are aggregated and analysed dynamically via unsupervised machine learning algorithms to map agent profiles in real-time without relying on rigid, predefined chronological demographic filters. Thank you for your cooperation and assistance!
